

## Disability Inclusion Excellence Framework (DIEF) A 5-Stage Model for Designing and Implementing Inclusive Workplaces

Stage	Purpose	Key Actions	Intended Outcome
1. Assess	Understand the current context	<ul> <li>Conduct accessibility audits (physical, digital, HR processes)</li> <li>Run employee &amp; HR surveys or focus groups</li> <li>Benchmark against global standards</li> </ul>	Baseline data pinpointing inclusion strengths and gaps
2. Design	Create strategic, tailored policies	<ul> <li>Develop inclusive HR and accommodation policies</li> <li>Align with organizational mission</li> <li>Design awareness campaigns</li> <li>Ensure accessible systems</li> </ul>	A framework aligned with organizational values and inclusion goals
3. Build Capacity	Equip staff to enact inclusion	<ul> <li>Train managers in inclusive leadership</li> <li>Hold staff workshops on accessibility &amp; allyship</li> <li>Establish disability-focused ERGs</li> <li>Produce HR toolkits</li> </ul>	Staff with knowledge, tools, and support to lead inclusion
4. Implement	Embed inclusion into daily operations	<ul> <li>Deploy inclusive hiring practices</li> <li>Launch streamlined accommodation request processes</li> <li>Provide accessible formats and assistive tech</li> <li>Appoint inclusion champions</li> </ul>	Everyday workplace practices that are accessible and equitable
5. Evaluate & Sustain	Monitor progress & ensure long-term impact	<ul> <li>Track KPIs (e.g., hiring, retention, satisfaction)</li> <li>Conduct regular inclusion audits</li> <li>Integrate into CSR/strategic plans and leadership training</li> </ul>	Measurable, sustainable, and scalable disability inclusion efforts
